Submitted on 12 Jan 2017

HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

TEL an open access corpus available for research

Open repository for dissertations

TEL (Theses-en-Ligne) is a french open repository created in 2001 and dedicated to theses self-archiving. With the partnership with ABES through its STAR application, it became a national repository used by institutions for the diffusion of electronic theses.

32 % of theses are self-archived.

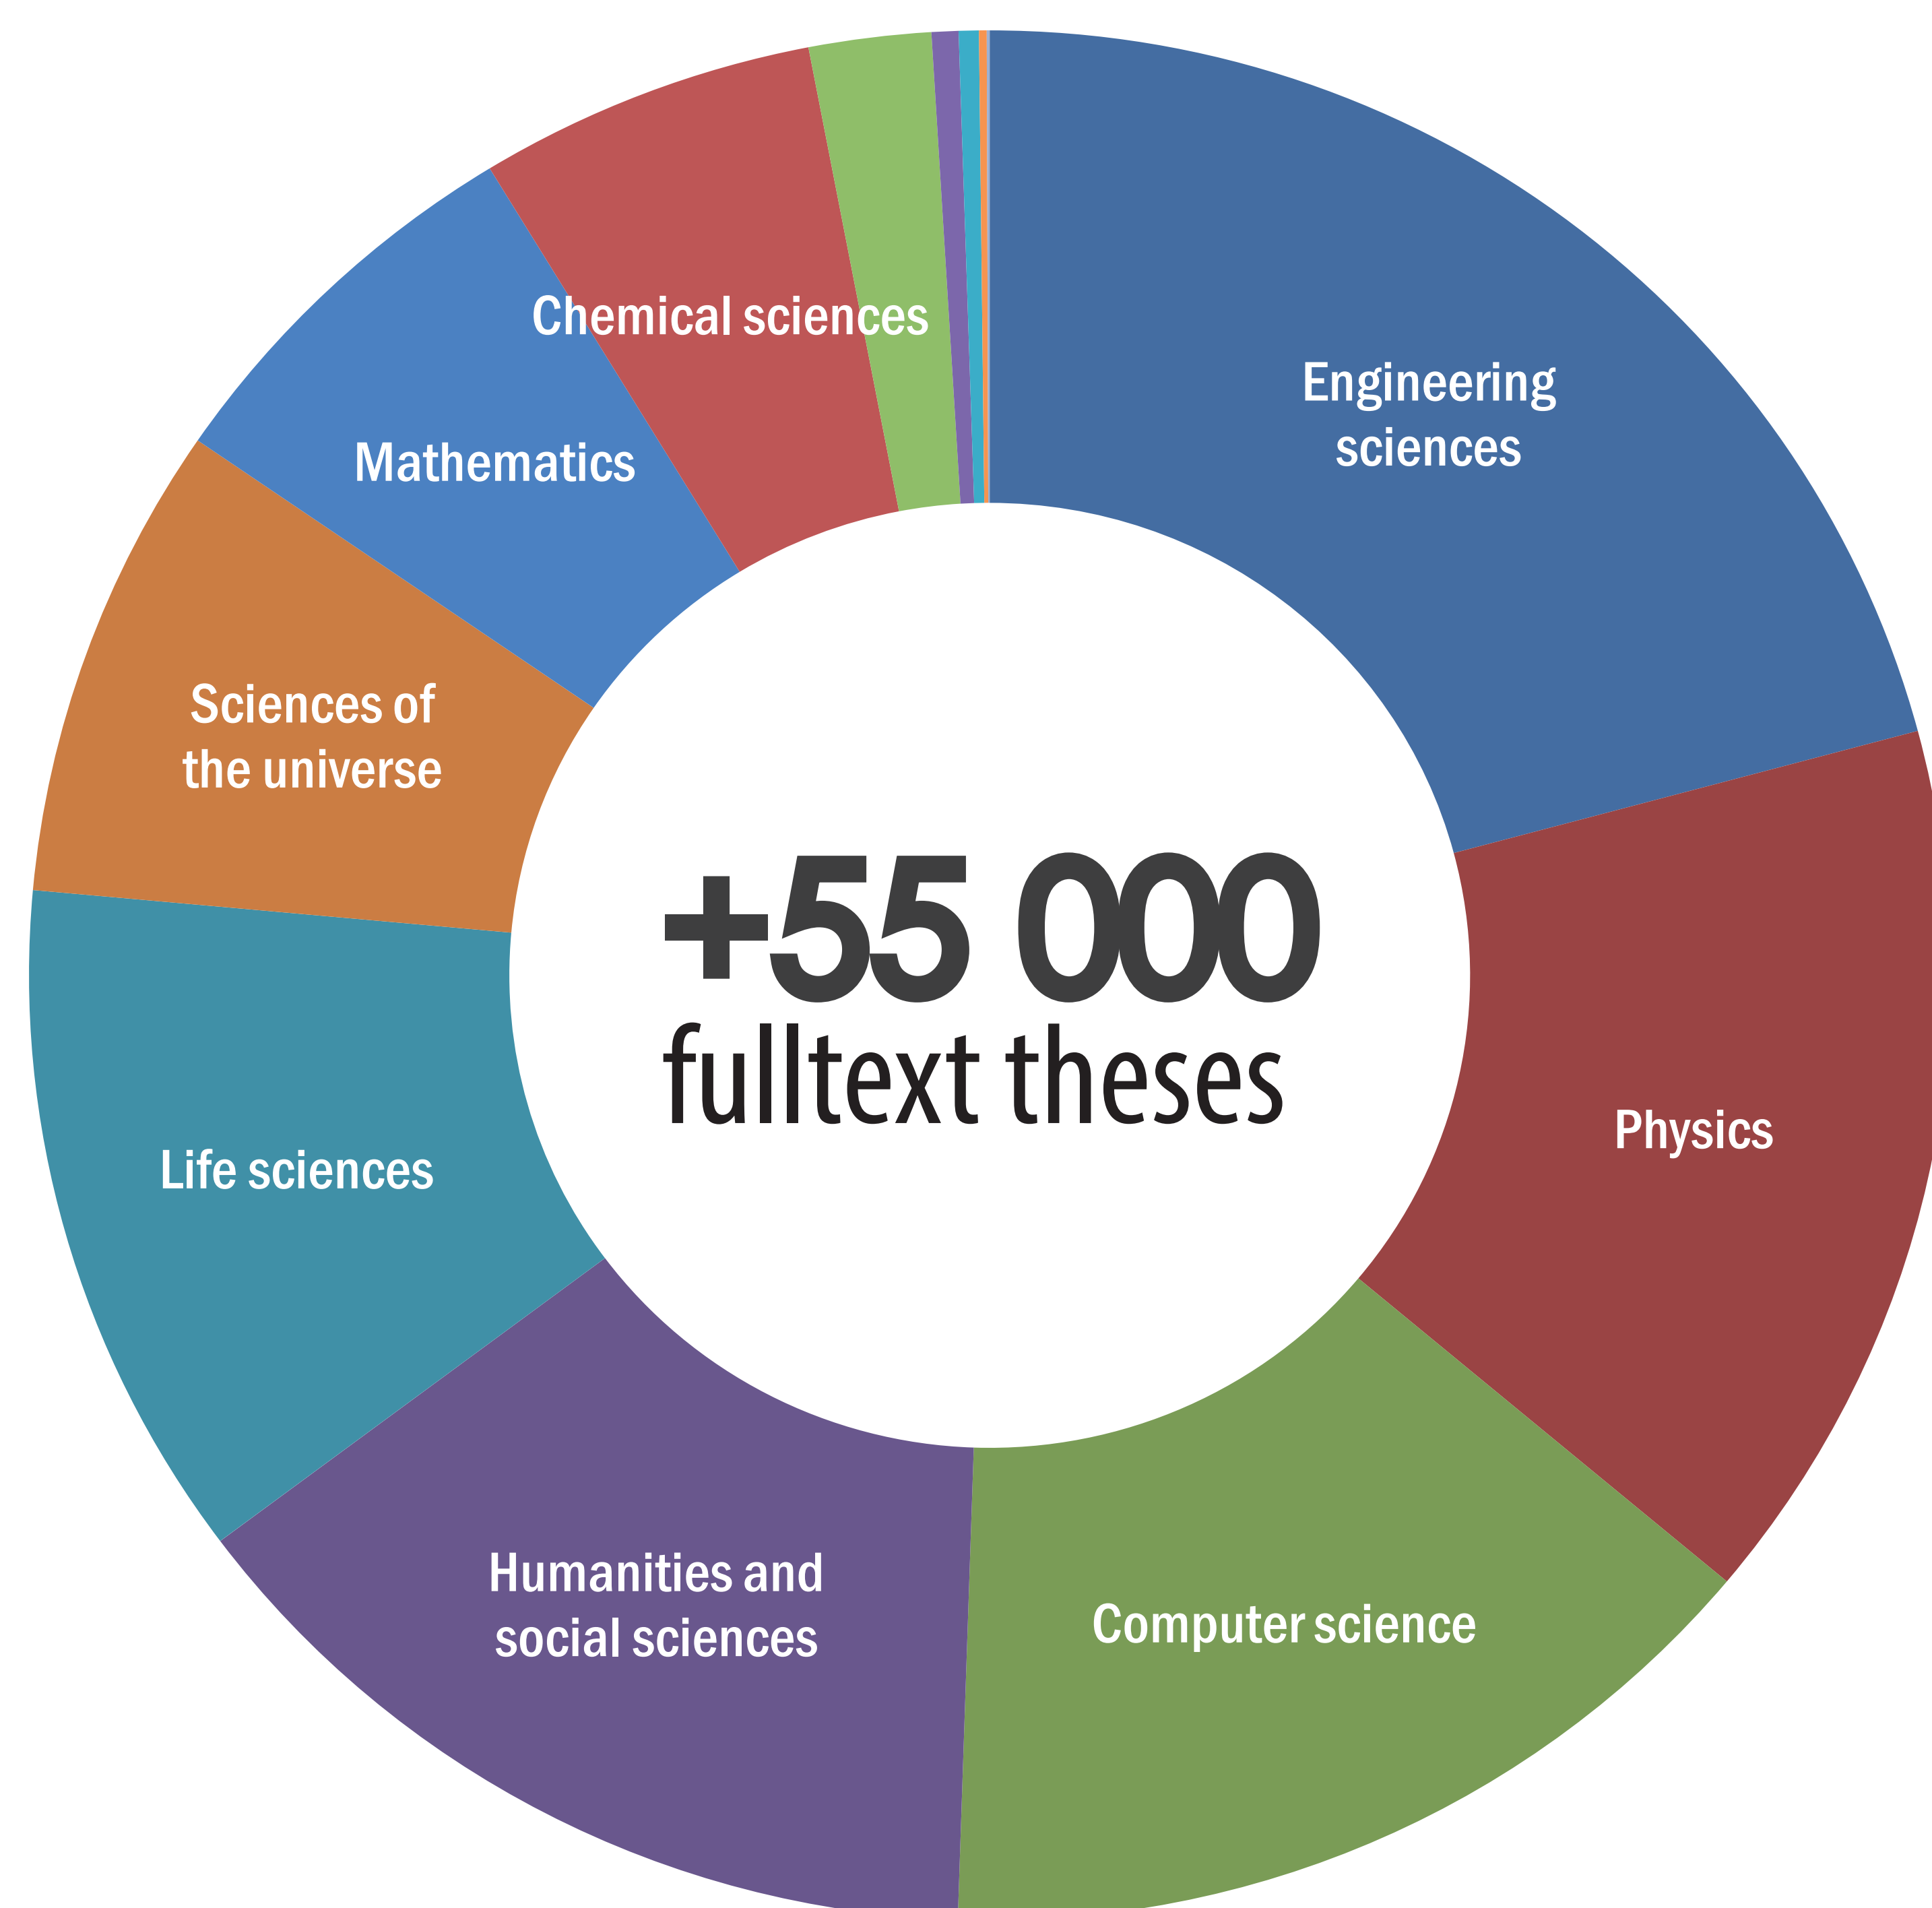

The oldest dates back to 1883

year	nb theses
after 2010	31319
2000-2009	19025
1990-1999	2575
1980-1989	1181
1970-1979	722
1900-1970	350
before 1900	7

Languages

French : 80,8 %
English : 18,7 %
Others : portuguese, spanish, italian, ...

Multidisciplinary

OAI-PMH and API

Metadata describing the theses (author, universities, jury members...) form a corpus that can be used for any study on doctoral research in France.

API allow to search through them with a high level of accuracy. They can be used for forming a corpus, producing statistics, cross-check data, and compare them to other corpus data.

<https://api.archives-ouvertes.fr/docs>

TEL can be harvested via OAI-PMH protocol

Repository Name	HAL
Base URL	https://api.archives-ouvertes.fr/oai/tel/
Protocol Version	2.0
Earliest Datestamp	23/09/2002
Deleted Record	no
Granularity	YYY-MM-DD
Admin Email	contact@archives-ouvertes.fr

Re-use of the data in the later publications ?

Since TEL is a part of the open repository HAL, the data can also be observed in the author's other publications, if they've been submitted to HAL

Glossary

ABES : Agence Bibliographique de l'Enseignement Supérieur
STAR : Signalement des Thèses électroniques et ARchivage
